To Serve You!

September 2010

## Lee National Denim Day!

**We're doing it again!  
October 7 & 8, 2010**

### CCCU puts on the Blue Jeans to Fight Breast Cancer.

Join us in wearing your blue jeans on October 7 & 8! The annual event raises money for breast cancer research and treatment. CCCU will be accepting donations the entire month of October. Donated funds support:

- Groundbreaking research at Lee Translational Laboratories nationwide to find less toxic, more effective treatments.
- Development of an early detection blood test in collaboration with the Breast Cancer Biomarker Discovery Project.
- Grassroots advocacy work of the National Breast Cancer Coalition to help educate those faced with breast cancer.

#### What You Can Do

Woman age 40 and up should have routine mammograms to screen for breast cancer.

Woman in their 20's and 30's should have a clinical breast

exam as part of a periodic health exam by a health professional.

If you believe you may be at high risk for breast cancer. Talk to your doctor about the benefits and limitations of adding an MRI screening to your yearly mammogram.

Consult your doctor if any change occurs in your breast, such as redness, pain, swelling or discharge.

Consider consulting a genetic counselor if you or your family members have a history of breast and/or ovarian cancer.

### Breast Cancer Awareness Raffle!

To support Breast Cancer Awareness, you can purchase raffle tickets for \$1 each, for:

- 9x13 Pink Ribbon Pillow that can be signed by all of your supporters in the fight against Breast Cancer.

- Pink Ribbon Visors
